

NEW MEMBERSHIP PACKET

Welcome to the Oregon Oxford House family!

Provided in this packet is some information that will be useful to you. As a new member of our Oxford House family we need this information to assist you in your new life here at Oxford house. This information is required by all members that move into Oxford House.

Oregon Oxford House State Association

"Opening Doors to a New Way of Life"

Congratulations!

Your application for membership has been accepted by Oxford House_____, located at _____ by at least 80% of the current members. Since membership involves you living in this house, below are the terms of this legally binding contract, which were created to protect this alcohol and drug-free environment and promote an atmosphere of rehabilitative support.

As a member of this Oxford House you are expected to read and familiarize yourself with the Oxford House manual, House Expectations and uphold the Oxford House Traditions.

Because the start-up loan funds used to establish this home were provided pursuant to Title 42 of the United States Code (USC), section 300x-25, stemming from the Federal Anti-Drug Abuse Act, this Oxford House is required by federal law to expel any member who returns to the use of alcohol or drugs. (A) The use of Alcohol or any illegal drug in the housing provided by the program will be prohibited; and (B) Any resident who violates such prohibition will be expelled from the house.

Also, as a member of this chartered Oxford House you have the responsibility to maintain the three Charter Conditions as required by Oxford House, Incorporated:

1. Each Oxford House must be democratically self-run (everyone has an equal voice and vote)
2. Each Oxford House must be financially self-supporting; and (all members must pay their equal share in order for the house as a whole to meet its financial obligations)
3. Any member of an Oxford House who returns to using alcohol or drugs must be immediately expelled.

These requirements mean that we have no choice but to expel you if you return to using alcohol or drugs. We must also ensure a safe and supportive environment, which means that behaviors that negatively impact the welfare and wellbeing of other members will not be tolerated. In the instance of expulsion for alcohol or drug use, or extremely disruptive behavior (to include the refusal of a urinalysis test) you will be asked to move out immediately and find someplace else to live that allows such behavior. Should you refuse to voluntarily move immediately, you will be served with a **24-Hour Notice of Eviction.**

Oregon Oxford House State Association

"Opening Doors to a New Way of Life"

- (ORS 90.44 (2)) Notwithstanding ORS 90.375 and 90.435, a group recovery home may terminate a tenancy and peaceably remove a tenant without complying with ORS 105.105-105.168 if the tenant has used or possessed alcohol or illegal drugs within the preceding seven days.

We believe that using alcohol and drugs or refusal to submit to a urinalysis in a designated alcohol and drug-free environment, or any sort of violence, would be considered by the courts as an act that is outrageous in the extreme and enforceable under Oregon Landlord Tenant Law.

- (ORS 90.396) if the member or someone in the member's control intentionally inflicts any damage to the premises or to other members of the house; or the member or someone under the member's control commits any act which is outrageous in the extreme.

Failure to vacate the premises by the date and time specified on the notice will result in the legal action of filing an eviction, which may permanently mar your rental history, and include physical removal by a law enforcement officer.

The monthly cost of membership at this Oxford House is \$_____, which includes your equal share of expenses such as the lease payment, utilities, staples, supplies and Oxford House membership dues. This equal share of expenses is due in advance on the____ day of each month. Failure to pay this amount on time will result in a \$_____ late fee.

In the case of abandoned property, you will be issued a **Notice of Abandoned Property** either by personal delivery or first-class mail. You will have 5 to 8 days to make arrangements to remove your property and 15 days from that date of contact to physically remove all of your property or it will be disposed of as provided by Oregon Statutes.

In the case that a decision is made by majority vote of house members to expel you from the premises, you have the right to file a grievance within the Oxford House network if you feel a bad decision was rendered. This Oxford House is part of a local Chapter and State Association. To grieve an expulsion decision, you may first contact the appropriate

Oregon Oxford House State Association

"Opening Doors to a New Way of Life"

local Chapter representative, then the appropriate State Association representative. You will be expected to follow this chain of command as it will be followed by those investigating any grievance. Should local Chapter or State Association officer's contact information change, the President of this house should provide you with current contact information.

Chapter contact: Name _____ Title _____

Phone # _____

State Assoc. contact: Name _____ Title _____

Phone # _____

In addition to the grievance procedure, we would like to offer those asked to leave with the opportunity to predetermine where they would go should circumstances require the termination of membership and subsequent immediate expulsion. Please describe below who you would contact or where you would go that would address your basic human needs so you will not become homeless or in an unsafe situation because of an expulsion. We call this an Emergency Departure Plan (EDP).

"Opening Doors to a New Way of Life"

Please explain the steps you would take and time required accessing the resources above in seeking another residence if you are required to leave this Oxford House on short notice. You may only have 24 hours to relocate, and you will be strongly encouraged to follow this plan should you be expelled, so please give it some serious thought and research resources and time frames if necessary.

Oregon Oxford House State Association

“Opening Doors to a New Way of Life”

Finally, by signing below you agree to submit to a urinalysis test if requested by at least two members of the house, and that you have read, or have had read to you, the terms of this Membership Contract, this House’s Expectations, and the Oxford House manual. By signing below, you will also be stating that you clearly understand your rights and responsibilities as a member of this Oxford House, including the grievance procedure and Emergency Departure Plan, and will ensure a copy of this contract is provided to you.

THE 3 “R’S” OF OXOFRD HOUSE LIVING

PRESENTED TO _____

WELCOME TO THE _____ OXFORD HOUSE

You have been voted into our house by at least 80% of our members. We would like to welcome you.

The first Tradition of Oxford House states “that Oxford House has as its primary goal the provisions of housing and rehabilitative support for the alcoholic and addict that wants to stop using or drinking.”

Oxford Houses combines **Recovery**, **Responsibility** and **Replication** to enable each of our members to live a life free of the disasters of drug and /or alcohol addiction. How you use it will make a difference in your own recovery and the stability of the house.

The simple key factors of the Oxford concepts and charter requirements that can ensure your success are:

1. Pay your share of expenses on time
2. Do not use illicit drugs or alcohol in or out of the house
3. Share in the democratic procedure of the house

Each house is guided by the simple guidelines of our manual and traditions and the individual house set of by-laws, guidelines or house expectations. You are expected to read these and acquaint yourself with them. If you have any questions a house member will explain them.

RECOVERY

Each member is responsible to follow his or her own plan of recovery. This should include completing your treatment plan (if applicable) participating in a 12-step program or related recovery program and using an outside sponsor or your housemates to help you.

Healthy recovery is about change. This means making an effort to change your old behaviors. You may be asked to write out a plan for your recovery when you move into the house.

Many of the houses may require that you attend a certain number of meetings weekly.

Many years of research have shown that our successful members attend 4 to 5 mutual aid groups AA or NA meetings weekly. All of our guidelines have been designed to support you in your recovery and to ensure a healthy home.

RESPONSIBILITY

Each house holds weekly house business meetings. As a member you will participate in these meetings, have full voting rights and may even be elected by the other members to hold an office. New House Officers are elected every 6 months. Your house will help you learn the procedure of their Oxford House meetings. We encourage you to learn the duties of each House Officer, the Oxford House Traditions and to read the manual.

You will be expected to pay your share of expenses on time, to complete your assigned chores, to follow your plan of recovery and to abide by the house guidelines. You may be asked to fill out some forms. Please do so as soon as possible.

As you grow in your own recovery and comfort level in the house you can help other new members. Your growth will be enhanced by your willingness to participate.

REPLICATION

As you grow in your Oxford House experience, you may be asked to share your experience at treatment centers and other agencies. You may have the opportunity to assist in the opening of a new house. This has many aspects to it, such as recruiting new members, sending out flyers, finding household donations and teaching the new house how an Oxford House functions.

We are happy that you have chosen to be a member of our house and share in all of our recoveries. You will be joining a family of more than 20,000 people around the world that currently live by the Oxford House Traditions, Principles and Concepts.

Oxford House is a time-tested model, with 44 years of helping thousands of successful recovering alcoholics and addicts. Oxford House allows you to stay as long as you like as long as you don't go back to using drugs or alcohol and abide by the guidelines.

Your success depends on your own honesty, open mindedness and willingness to change and share in your recovery.

This Document is to be attached to application and filed in house records.

UA'S

As a member of Oxford House, you will be required to partake in random and regular UA's. There may be times that you will be asked for a UA. When that time comes you will be required to provide a UA in a timely fashion. You will be accompanied by at least 2 members of the house, chapter or state association when doing so. You will not be allowed to leave the common areas of the house. If needed to leave the common areas such as going to your bedroom you will be accompanied by 2 or more houses members. Any refusal of a UA sample or positive sample or caught tampering with a sample you will be served with a 24-hour notice to vacate. There will be times that some UA's are mailed off to a lab and if found that the UA is diluted you may be served with a notice to vacate.
